

## In the Name of Allah

**Project Title:** Prj 5

**Programming Software:** Visual Studio Code, Version 1.73.1

**Programming language:** JavaScript

**Project Description :**

Create a new variable 'description' which contains a string with this format:  
'Portugal is in Europe, and its 11 million people speak portuguese'

**Project Solution :**

```
const country = 'Portugal';
const continent = 'Europe';
let population = 11; //in million
const language = 'portuguese';
const description =
  country +
  ' is in ' +
  continent +
  ', and its ' +
  population +
  ' million people speak ' +
  language;
console.log(description);
```
